

OILY SKIN REGIMEN KIT

It is important to know and categorize the function of each product and the level of danger of each of the ingredients. In one of our blogs, we explain why we must be very careful with what we allow to cross our first barrier of defense, the skin. Thanks to Biotechnology we understand how proteins interact with other proteins and our DNA and RNA, How the cell replicates and regulates its functions and how if mutations occur due to chemical or physical reaction, we can develop allergies, inflammation, immunotoxicity and even cancer.

The following score system we have issued is granted by clinical trials made for most of our products with Dr. Zoe Draelos, papers from PubMed and EGW. Being the number 1 the safest and the 10 the worst for you.

This kit is meant for skin biotypes that trend to get acne and excess of fatty acids in the skin surface:

The [overall score](#) for the kit is 1

The [active ingredient](#) for this kit is 

SKIN CARE: OILY skin

Perfect Skin Effect

Eye Contour Gel

Product Name: PERFECT SKIN GEL

Recommended ages: 23 to 35 years old.

pH: 6.5

Facial Moisturizing Gel for oily skin with probiotics

Description: Hydrates the skin while reducing the appearance of imperfections such as fine lines, blemishes, and uneven skin tone. Has a lightweight and non-greasy texture, making it suitable for all skin types, including oily skin.

- Smooth, relaxing moisturizer for sensitive and stressed out skins.
- Provides even hydration.
- Leaves skin feeling soft, tight, and lifted.
- Visibly reduces imperfections.
- Improves the overall appearance of the skin.
- Provides long-lasting hydration.

Precautions/Caution: External/Skin use only. Do not eat. Suspend use in case of reaction/allergy. Keep out of reach of children.

Home Use Instructions: Apply the gel to the neck and face surface with circular movements until it has been completely absorbed. You can apply it in the morning and at night. You can use it in the morning, after washing your face and using the tonic to remove impurities. If you want to go to the sunlight or perform other activities, it is recommended to use sunscreen after the application of the perfect skin effect.

Main Assets:

Component	Function in nature	%
<p>Mesenchymal Stem Cells Growth Factors and Exosomes from the umbilical cord</p>	<p>GF are proteins that regulate immune responses and reproductive functions of the cell. This active ingredient is not synthesized in a lab, it is extracted from placentas and cultured. It contains anti-inflammatory and regenerative properties.</p> <p>Exosomes are vesicles generated by stem cells that carry macromolecules and improve intercellular communications.</p>	<p>5%</p> 
<p>Collagen</p>	<p>Protein - structure of body's skin, muscles, bones, and other connective tissues. If you downregulate, signs of aging will appear. Male usually have better reserves at mid age than women.</p>	<p>3%</p> 
<p>Elastin</p>	<p>Protein - structural protein that allows your tissues to stretch out and stick back.</p>	<p>2%</p> 
<p><i>Lactococcus lactis</i> Ferment Lysate</p>	<p>Probiotic - boosts peptide production like collagen, elastin, and ceramides in your skin. This presents exfoliant properties and improves the skin microbiota, avoiding opportunistic ubiquitous pathogenic bacteria to get in your skin. This will help you to avoid inflammation and edema.</p>	<p>0.5%-1 %</p> 
<p>Hyaluronic acid</p>	<p>This allows skin to stretch and flex, reducing age signs and fine lines. This is very important for mixed skin that tends to get oily at a mid 30 age. Recommended for mixed skin types.</p>	<p>0.5%-1 %</p> 

Arginine	Amino Acid that protects the skin from free radical damage and allows skin reparation.	0.5%-1 % 
<i>Lactuca sativa</i> (Lettuce) Leaf Extract	Natural antibacterial, this is used to prevent acne.	0.5%-1 % 

Other Key Ingredients:

Component	Function	Score
Double Distilled Water	Solvent.	
Pentylene Glycol	Humectants that bind with water.	
Sodium PCA	The sodium salt of pyrrolidone carboxylic acid is an amino acid found in the skin barrier.	
Cellulose	Anti-cracking agent for cosmetics used to improve viscosity.	
Hydroxyacetophenone	Amicable Preservative	
Mica	A silicate mineral that improves the consistency of the cosmetic.	
Fragrance	Fragrance was tested on the clinical trials. This product is recommended for sensitive skin.

Product Name: Eye Contour Gel - 0.3oz / 10mL

Recommended ages: Young people 23 to 35 years old

pH: 6.5

For Oily Skin

Description: An ultralight, fresh and non-greasy cream that visibly reduces dark circles and puffiness to illuminate and relax the gaze. Suitable even for the most sensitive eyes.

- Prevents the formation of new fine lines and wrinkles.
- Provides deep hydration to the skin around the eyes.
- Fights the visible signs of fatigue.
- Helps to brighten the skin around the eyes.
- Helps to improve the overall texture and elasticity.

Precautions/Caution: External/Skin use only. Do not eat. Suspend use in case of reaction/allergy. Keep out of reach of children.

Home Use Instructions: Apply over the surface of the eye contour with circular movements until it has been completely absorbed. For nighttime use.

Main Assets:

Component	Function	%
Mesenchymal Stem Cells Growth Factors and Exosomes from the umbilical cord	GF are proteins that regulate immune responses and reproductive functions of the cell. This active ingredient is not synthesized in a lab, it is extracted from placentas and cultured. It contains anti-inflammatory and regenerative properties. Exosomes are vesicles generated by stem cells that carry macromolecules and improve intercellular communications.	20% 
Collagen	Protein - structure of body's skin, muscles, bones, and other connective tissues. If you downregulate, signs of aging will appear. Male	3% 

	usually have better reserves at mid age than women.	
Elastin	Protein - structural protein that allows your tissues to stretch out and stick back.	2% 
<i>Aloe barbadensis</i> (Aloe Vera) Leaf Extract	Linked to anti-inflammatory properties. Linked to skin regeneration.	10% 
<i>Chamomilla recutita</i> (Matricaria) Flower Extract	Linked to anti-inflammatory properties and as a natural bactericide. Linked to skin regeneration.	10% 
Hyaluronic acid	This allows skin to stretch and flex, reducing age signs and fine lines. This is very important for mixed skin that tends to get oily at mid 30 years of age. Recommended for mixed skin types.	0.5%-1%
